

PLYMOUTH PARENT CARER VOICE

Your voice driving positive change for your child

The Plymouth PCV offers parent carers of children and young people with SEND

- Information, advice, & support
- Activities & events
- Workshops & webinars
- Parent Carer annual conference
- Networking & socialisation
- Shared experiences
- The chance to have your say
- Increased confidence & self esteem

What do we do?

Provide a united voice by creating a forum for parent carers views.

Gather information and views from parent carers and provide a voice of challenge and reason regarding changes, developments and cancellation of services from the Plymouth City Council and local and regional health providers.

Use unique shared experiences that we have gained in raising our own families, to work in partnership with all agencies across the Plymouth area responsible for providing services to our children and young people.
